Description

Just arrived for sale and currently in preparation the new model Mitsubishi Outlander PHEV 4H. The new model boasts the larger 2.4 petrol engine that develops more power but equally more refined and smoother and even quieter. It also has a bigger electric motor to the rear helping increase the range. Charging the car has also improved with rapid charge just 20 minutes for an 80% input, or just 5 hours from a standard 3 pin domestic plug. So ideal to charge at work or overnight at home. Mitsubishi have also tweaked the suspension on the new model Outlander PHEV so it produces a smoother enhanced ride. You can also get the APP on your phone to remotely set the temperature in the cabin, and even check the status of the battery. This model the 4H also boasts a superb specification with Full Leather seats, 360 camera with park assist, Power tailgate, Climate controlled Air Conditioning and much more. We are car finance experts and rarely beaten by brokers so call us today and book your viewing.
